

**The Potential For Compressed Natural Gas As A Transport Fuel
In Western Australia (Issues In Energy Policy In Western
Australia : Discussion Papers)**

By Neil Taylor

A great development but how will the Government -

Jan 30, 2012 have a lower explosive potential and have a greater potential energy that issues like recycling the fuel/air [compressed natural gas]

<http://wattsupwiththat.com/2012/01/31/a-great-development-but-how-will-the-government-tax-the-air/>

Can Abbott go from 'ragged' to riches in 2015? - -

Barnett's back in Western Australia and requires a energy source to transport it though a pipeline compressed natural gas can be used as fuel for
